

FIBRE OPTIC SPLICE CASSETTES AND SPLICE PROTECTORS

JCS Technologies offers a variety of splice trays that are compatible with the full JCS range of rack, wall and DIN mount enclosures.

Our splice protectors come in 40mm, 45mm and 60mm 12 pack or 100 pack for your convenience.

If requiring a specific length, shrinkage size or colour for splice protectors, please don't hesitate to contact the JCS sales team. With access to a broad range of products we will have the style you are requiring.
